Lincoln Bypass Work Will Affect Local Drivers

Lincoln – The California Department of Transportation (Caltrans) announced that on Monday, March 9, traffic on Ferrari Ranch Road east of State Highway 65 will be subject to detours between Groveland Lane and Caledon Circle because of the placement of bridge falsework connected with the Lincoln Bypass Project.

Weather permitting; flaggers will be assisting motorists at the Ferrari Ranch Road/Groveland Lane Intersection and the Ferrari Ranch Road/Caledon Circle Intersection. Groveland Lane will be open between Joiner Parkway and the Lincoln Crossing Clubhouse, but closed between the Clubhouse and Ferrari Ranch Road. Motorists on Joiner Parkway will need to turn at Ferrari Ranch Road instead of Groveland Lane to access businesses such as Home Depot. Weather permitting; the falsework will be completed in approximately three weeks.

The work being done is part of a \$333 million project to create an 11.7 mile bypass around the City of Lincoln. Completion is expected in 2012.

Unexpected weather may prolong or cause the work to be rescheduled. Roadside message boards will be used to post the latest information. Caltrans urges all motorists to use caution in this area and to "Slow for the Cone Zone".
